TOM PRICE – CHAIRMAN

Price Family Dealerships Chairman, Tom Price, has a long history of success in the automotive industry. Tom grew up in Scottsdale, Arizona, where he lived with his mother from 1951 to 1964. He attended the University of Arizona before transferring to Boulder to continue his education.

Tom's love for cars started as a young boy, and he began a career in automotive by working as an executive for the Ford Motor Company. He purchased his first dealership in 1976 and grew the company, First America Automotive, into a billion dollar enterprise, with 31 dealerships across California and Nevada. In 1999, he merged First America with Sonic Automotive, to create America's 3rd largest automotive retailer.

After a short time as Vice-Chairman for Sonic, Tom re-established his entrepreneurial independence and formed the Price Family Dealerships Group which has grown to 30 franchised dealerships located across the San Francisco Bay Area and Northern California.

Tom is well-known as a classic car collector. He's also an avid driver that has raced on all continents. "I began racing vintage cars 30 years ago," Tom says, "and since then I've competed in over 1000 historic races and rallies and won four Ferrari-Maserati Historic Championships. The fact is, I just love driving special cars in the way they were designed."

Tom and his wife Gwen are very dedicated to the community and are big supporters of the Marin County Charities with particular support of "A Dedication to Special Education" and "To Celebrate Life Breast Cancer Foundation" along with other various local organizations.

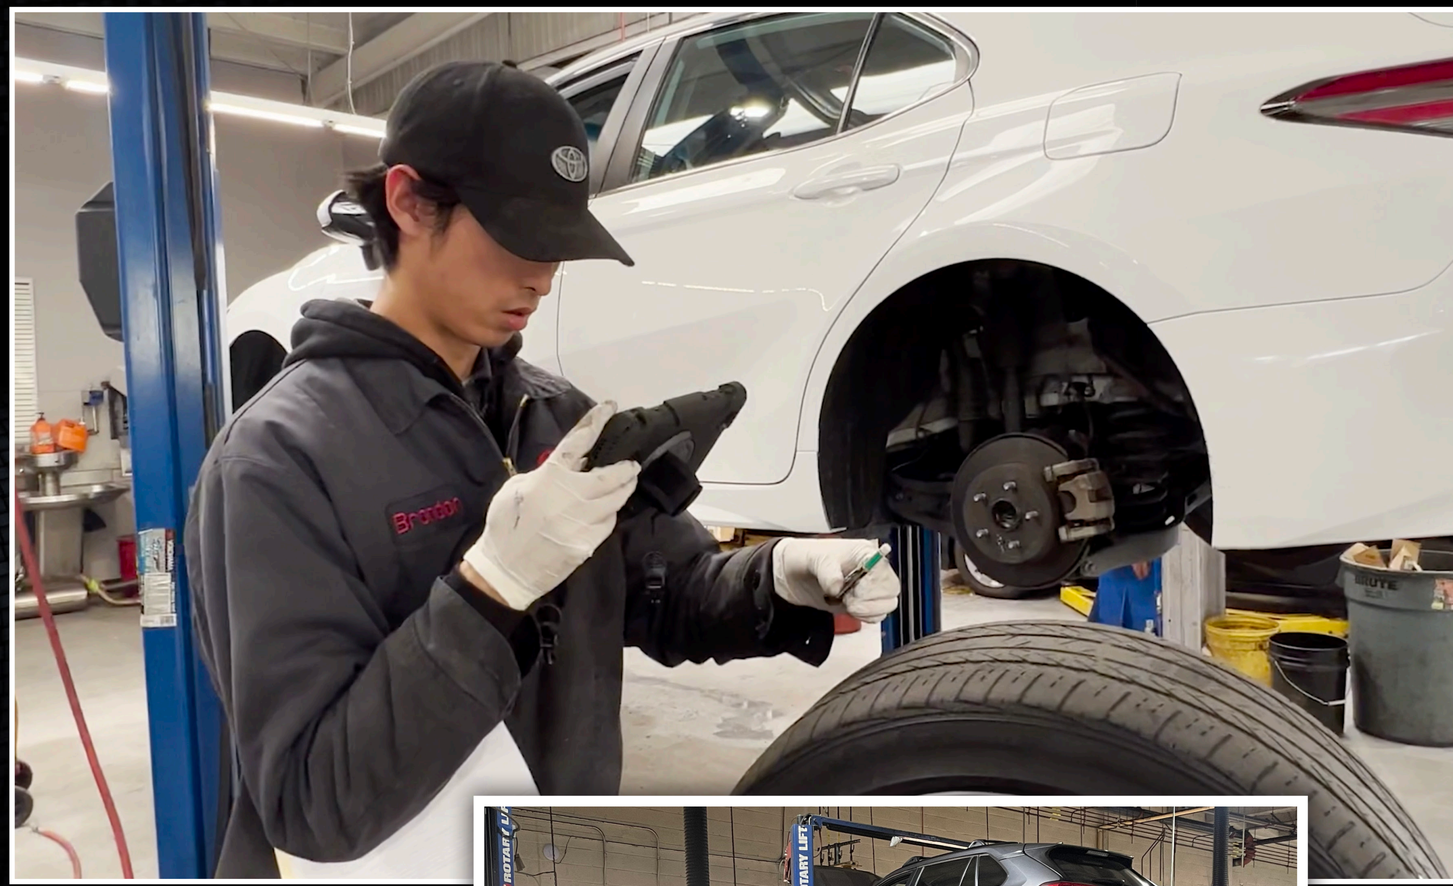
Building Trust with Multi-Point Inspection Videos

We understand transparency and trust are crucial in our industry, and a walk-around video inspection is a process at all Price Family service departments.



We make it fun! Our technicians and advisors participate in a company-wide monthly contest that inspires competition and creativity. The team with the highest percentage of videos sent and videos viewed are rewarded with prizes and special recognition.

Investing in our Teams

We acquired Modesto Toyota in 2024 from a family that had owned the dealership for three decades. From the beginning, we made it our mission to preserve their legacy, retain the team, and honor the relationships they had built throughout the community.

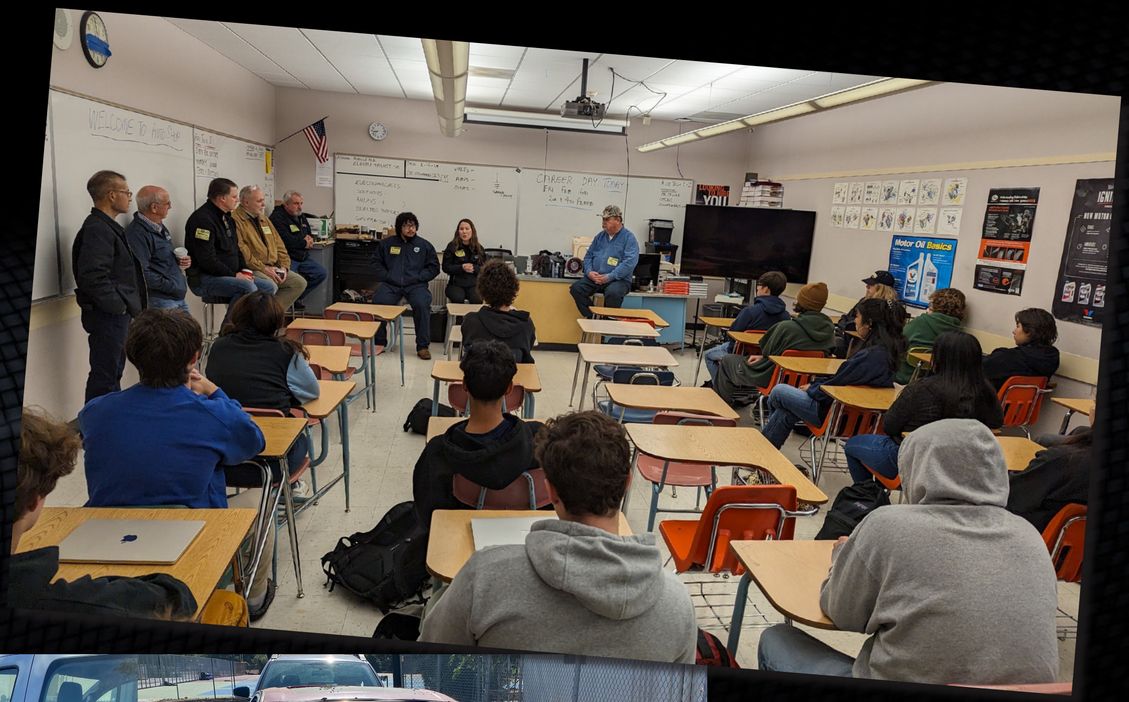
Supporting our Schools

Our leadership teams are in classrooms frequently, mentoring young minds and leading discussions on careers in Automotive. We also work with UTI and other technical colleges to build a pipeline of local talent to our service bays.



Vandals broke into Fairfield High School and destroyed the windows of several vehicles that were being worked on by the Automotive class. Wasting no time, we sprang into action and provided the replacements and installation before class started.
